**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have Sonic as my internet and telephone provider. I like them because they listen to me, something the big companies like ATT do not do. Once upon a time, my internet was through a satellite provider but they decided to go out of that business and, by default, ATT became my provider. When there was a problem, it was always MY fault. They said, "Old Wiring." My house was only eight years old. When I had my telephone service through them, there were always 'errors' on the bill. Never corrected. Sonic listens. sonic helps. Sonic even sends out workers to investigate troubles.

To paraphrase an old ad campaign, I want my SONIC!
